

# American Society of Military Comptrollers Razorback Chapter

Month: Sep 07

Issue: 07-1

## President's Message

It's an honor to serve as your President for the 2007-2008 calendar year. As we journey through the next nine months together your participation in the Razorback chapter will be a key factor in the success of this chapter. We have a lot of great events in the works for the upcoming months and will be soliciting your ideas and support. Membership in ASMC gives us all the opportunity to make a difference in someone's life whether it's through a community service event or professional development.

To keep everyone better informed of the events and happenings within ASMC and our local chapter we are reinitiating the chapter Newsletter and we have launched a chapter website (<http://www.orgsites.com/ar/asmc-razorback/index.html>). If you have any ideas or inputs for either the newsletter or website please let any of the officers or me know and we will do our best to incorporate your ideas. We have set the course to become a five star chapter and with your support I believe we can achieve this goal. Let's seize this opportunity and revitalize the Razorback Chapter.

Nicole Ford  
President, ASMC-Razorback Chapter

## National ASMC News

**PDI Online Now Available – Free CPE.** Would you like to earn free CPE credits by listening to or watching workshops and Service Day sessions from the highly successful PDI 2007? Now you can by tuning in to ASMC's PDI Online. Choose from video or audio versions of many workshop and Service Day presentations. As a suggestion, consider either of two workshops that received high marks from participants at the PDI: introduction to federal accounting concepts (mini course 60 A/B on 5/31) or mastering the art of successful interviewing (workshop 118 on 6/1). If you complete a session, you may self-certify for CPE credit or, in some cases, you can take a short test and get a CPE certificate. Just go to [www.asmconline.org/development/extendedlearning.shtml](http://www.asmconline.org/development/extendedlearning.shtml) and follow the directions on the screen. In addition, charts from many of the workshop sessions are available for download in the same area.
