

# NATIONAL UNIFORM COMMITTEE

Date: 11 August 2010

To: Commandant James R. Laskey

From: Uniform Committee

Subject: Annual Report

The Uniform Committee has had its problems this year. The elimination of the Ceremonial Uniform has gotten a few Marines up in arms. The reason for the action taken was due to a very few Marines who chose to not only violate the Marine Corps League Uniform Rules, but the CMC and Sec. of the Navy's rules. There are several new by-law changes regarding the use of the khaki shirt, so have your delegation, here at the Convention, be aware of these changes and know what you are voting for.

The few items that have been seen, where our members are not following the uniform code are:

The wearing of ribbons and miniature medals on the red blazer, while wearing it as a casual uniform.

wearing the Marine of the Year Medallion with the undress (white shirt). The medallion is only worn with the Casual or formal uniform.

The wearing of Sunbursts on the shirt while wearing the red blazer.

It is a pleasure and honor to serve on the Uniform Committee. If you have any questions regarding the proper wearing of the MCL uniform, please give a Uniform Committee member a call, do not call National Headquarters, it only delays your answer.

Respectfully submitted
