Columbus Parks and Recreation

Before and After School Program 2011 - 2012

*"An Equal Opportunity / Affirmative Action
Organization"*

Quality, Affordable, Convenient

Parks and Recreation invites parents to choose our after school program for quality, affordable and convenient afterschool care. Parks and Recreation is available to all children in Pre-K through Fifth grade. The children can study and play with schoolmates in a child-centered environment.

During Our Program, Students:

- [Pursue academic excellence by working on homework and other academically enriching activities](#)
- [Develop friendships while studying and playing with schoolmates](#)
- [Participate in hands-on, multi-cultural enrichment activities in areas such as arts and crafts, drama, music, and computer projects](#)
- [Enjoy a healthy afternoon snack daily](#)

Our Staff

All of our Site Supervisors and Activity Leaders are certified in first aid and CPR. Our staff members work as a team to provide quality care, setting behavior expectations, actively supervising children and building relationships with students and families. Our staff is also required to attend trainings in child development skills.

ASPYN

The Army provides fee assistance to the families based on total family income, with discounts generally given to multiple children. Active Army, Activated Guard, Reserve soldiers, and Army Civilians are eligible if they are a single parent or their spouse is working or attending school.

Cost and Payments

Payments are based on the total household family income. We verify this amount through the most recent 1040 tax form. For a detailed spreadsheet of our rates, please visit www.columbusga.org and click the link under the Parks and Recreation page or call (706)225-4658.
