

# RECYCLE ENTENMANN'S® LITTLE BITES® POUCHES

Every year, countless Entenmann's® Little Bites® pouches end up in dumpsters and landfills across America. We are working with TerraCycle® to put an end to this enormous loss of resources.

The Entenmann's® Little Bites® Pouch Recycling Program allows us to recycle these pouches and prevent them from ending up in landfills.

And not only are you helping the environment, but the pouches you recycle with us have the potential to earn funding for our school or organization.

Drop off your  
waste at...

Wilkins Elementary School

Turn Markers

Into Energy!

Dear Parents,

I'm excited to tell you about a very special program I'm coordinating at our school in conjunction with Crayola. It's called Crayola ColorCycle – an amazing new program devised to turn used markers into energy!

All around Wilkins students and teachers will be collecting used markers that are ready to be discarded. The markers will be sent to a facility where they will be converted into clean fuel. This fuel can be used to power vehicles, heat homes, cook meals and more!

Please help support our efforts by sending your kids in with any used markers you may have around the house – even non-Crayola brands. Drop-off box will be located by the Box Tops and HyVee Receipt collection cart for your child to deposit the markers.

Thank you in advance for participating! With the help of parents like you across the country, the Crayola ColorCycle program can keep tons of plastic out of landfills each year.

Remember, don't throw out that used marker—*ColorCycle it!*

Sincerely,

Stephanie Schnoebelen
