Dear Parents:

I know this is an especially busy time of year.

This is a gentle reminder that all parents are asked to donate \$5.00 to help fund the classroom parties this year. Money collected will be used to purchase various supplies for the children. We do not get money from any other source so we really need your help. **Please also take the time to fill out the form below and return it with the \$5.00 to your child's teacher by _____.**

Thank you in advance for your support.
