PAWS for Pets Launching our Program

By Mrs. Blakely

Our Kindergarten, 1st, 2nd & 3rd Grade classes, Mrs. Streid & others are pleased and proud to announce our new PAWS for Pets program. It's a quirky play on words aimed at getting families and friends to take time out to make an effort to help animals. In other words to "pause". We are looking to work with the ALMOST HOME Foundation of Elk Grove Village, by providing them with some of the supplies they need to care for these

pets as they await adoption in foster homes.

We will be collecting items monthly to donate. The Almost Home Foundation holds adoption shows on a regular basis at the Pet's Mart on Gary Ave, in Bloomingdale. Each month we will collect different items to donate. The donations will be delivered to the Almost Home Foundation during a Pet's Mart adoption show.

We recognize that for many families, these may be hard times financially. We

hope that you can make a small donation when it fits into your budget. Please understand participation is optional and know that every little bit helps!

We will kick off our program in September by collecting Pennies for Pets. Any pennies you can spare will be greatly appreciated. We will let you know how much we collect. We will send more information at a later date.

For now, on behalf of the pets...THANKS!
