

When a girl's an empty vessel  
It's difficult to wrestle  
If no one takes your part  
Mechanical Millie wouldn't  
    come across so silly  
If she'd just give God her heart

Take communion with your sisters  
And pray 'til you get blisters  
Reflection time is smart  
Find some spiritual direction  
Don't forget to show affection  
When you give the Lord your heart

Picture me upon my knees  
Communing with the "Lard"  
He's my anchor, my foundation  
    and my guard  
He's there when life...  
    seems, oh, so hard

Debbie told us to be pious  
God loves us without bias  
Our courses He will chart  
Worship Him and sing His praises  
Memorize the Bible phrases  
So He will have all your heart!

\*\*\*\*\*

I could while away the hours  
Reflecting on God's powers  
In breaking sorrow's reign  
And His grace falls like manna  
Say goodbye to Holy Hannah  
If I just give God my brain

I'd unravel every mystery  
And learn the Church's history  
The tales of loss and gain  
From Genesis to Revelation  
Celebrating my salvation  
Giving God my brain

Oh I could tell you why  
My soul has been washed clean  
In my study time I learn what love can  
    mean  
I read it in... John 3:16

Bible study guides your thinkin'  
Temptation's hold is shrinkin'  
God's guidance will remain  
Sacred moments full of grace  
Will put smiles on your face  
'Cause you've given God your brain

\*\*\*\*\*

I'm afraid there's no denyin'  
Your mission field's a 'cryin'  
God calls us all to serve  
In the world His people need us  
Calling "We're His sheep,  
    come feed us"  
Lord, please give us each the nerve

Taking action is our calling  
There is no time for stalling  
Throw open your reserve  
As His Church we are glowing  
Henrietta's faults are showing  
'Cause she lacks the Christian nerve

Take a stand—extend a hand  
Go forth and spread the Word  
It's the message that the saints  
    have all preferred  
The greatest news the world has heard

Find the courage of a leader  
Be more than a good deeder  
Your path will never swerve  
We'll be blessed throughout our days  
As God teaches us His ways....  
**DeColores from the team!!!**
