

CASA Volunteer Applicants:

- A. Please have your driver's license and insurance card with you at the time of interview. A copy of these two documents will be placed in your volunteer folder in the CASA office.**
- B. We use the attached 'Release of Information' form to screen volunteers through the Child Abuse and Neglect Central Registry. The Kansas Department of Social and Rehabilitation Services performs this screening for us. You will notice at the bottom of the form that we are charged \$10 for each person we ask SRS to screen. If you are accepted for training, you will be asked to pay this fee before being certified as a volunteer. We appreciate your commitment to CASA. If you have questions or concerns regarding this fee, please feel free to contact our office.
