24th Year

2007

**March 20, 2007**

**We would like to thank everyone for helping to make our first pointed show of the year such a huge success. We had a lot of previous members bring in new faces and we had a lot of help from the general membership.**

**Our new officers are really on the ball.. Kim and Michelle have the show advertised on SETexas.com, The Louisiana Market Bulletin, Bits and Pieces and at all of the local feed stores. If you have a feed store in your area, download a flyer from our website and display them there, also, your vet's office and just any public board. Kay recruited the DeRidder Radio Station the "Eagle" to send a DJ there to interview members and promote the show. Terry did a grand job of getting Fund Raiser awards and High Point prizes and Charlotte had the prizes screened with the SSRC logo and was the ring-steward for the day. By the way if you aren't aware of it, Michelle is our Parlimentarian and will be in charge of using Robert's Rules of Order at the meetings.**

**EVERYONE should have gotten your 2007 Rule Book at the show, we asked that you sign a card when you picked yours up. This is for verification that you actually got yours and are responsible for all the info in the book. Please, be aware of the show dates and the dates for the SSRC General Membership Meetings held throughout the year. We will have a brief meeting to discuss any unfinished business or open to suggestions to help the show. These meetings are NOT to change rules or add or delete classes.**

**The DeRidder arena is an awesome facility, the warm up area is a great place to have for warm up.**

HELP is always needed for ring stewards, gate openers, etc....some clubs required work hours to qualify for year end awards. We have done had to do this as yet. Please volunteer when help is asked for - this will make our show go faster and smoother.
