

How much do you tithe?

The word **tithe** means 10%. A tithe of everything from the land, whether grain from the soil or fruit from the trees, belongs to the LORD; it is holy to the LORD. Lev. 27:30, 32. This means that a tenth of everything your land produce (company produces, or what you make) belongs to God.

Many verses in the Bible touch on the subject such as:

Gen. 14:20

Gen. 28:20-22

2 Chr. 31:5-6

Neh. 10:35-39; 12:44

Matt. 23:23

Luke 11:42

*To find 10% of a number, all you do is move the decimal point over to the **left** one place. Example: 10% of \$5.00 is .50 or 50 cents. (Players can use a piece of paper and pencil if needed.)

Directions- Place your marker on **START**. Roll the die and move that many spaces. Follow the directions on the space. If you land on a space with the picture of Tithing on it, the player to your left draws a card and reads it out loud. The player is asked "What is 10% of ___?" If the player answers correctly they stay where they are. If they are incorrect, they move back 2 spaces. If you land on the piggy bank that is hungry, you did not put God first and spent all your money. You did not leave any money to do tithing and therefore lose your next turn. If you land on Tightwad, all other players say out loud "TIGHTWAD!" because you refuse to give any money so you must change places with the player that is closest to **START**. Players roll the die and continue to move around the board. The first player to **FINISH** wins.
