

Liturgical Year

Directions: The objective of the game is to collect the most tokens by answering questions correctly about the Liturgical Year. Place 2 small baskets or boxes on the table to put game cards in. Put the game cards in one basket (the other basket will be for discards). Set a timer for a specified time. Place your marker anywhere on the board. Roll the die and move that many spaces clockwise. If a player lands on a space that says "?", the player to their right draws a card and reads the question out loud. (If they cannot read, the teacher or someone else can read it for them). On each card is a question about the Liturgical Year. If the player answers correctly, they receive a token (you can use poker chips, milk caps, etc.). If they are not correct, they do not receive a token. The next player may answer the question and if they are correct, they get the token. If they are not correct, the question goes to the next player. If no one gets the question correct, no one gets the token. If the player lands on "Return 1 Token", they must return one token. If a player lands on "Take 1 Token" they may take a token from any player they choose. Players must collect as many tokens as they can as they move around the board. Note that the board is set up so you can move around it many times. The game is over when the egg timer goes off. Whoever has the most tokens, wins. Players can also play in teams so they can help each other answer the questions.

*You can even glue this game board onto metal and can lean it up on the chalk tray and play teams. Have the markers with magnets on the bottom. You can make a huge die at: <http://mssscrafts.com/crafts/creationdice.htm>

Have the players in the team take turns rolling the HUGE die on the floor below the game board and then move their marker.

*All graphics/images/clipart etc. used on this game are not my own and are from various internet sources.
