

Introduction: Tithing is our contribution to the support of the Church; formerly one tenth of one's yearly income given to the Church. The Church uses that money to help pay for the Church expenses and contributions for the community and around the world.

Directions: Give each player 5 tokens (play money, poker chips, milk caps, etc.) to represent their tithing (money that they have put aside to give to the Church). Put one small basket on the table to put the donations in. Place your marker on any space on the game board. Each player in turn rolls the die and moves their marker along the board. They may go forward or backwards or follow any branch of the board they wish, as long as they only go one direction within a turn. This means that you can go forward or backward, but only forward or only backward in a single turn. When a player lands on a space that has a basket on it, they pick up a Game Card and read it out loud (if they cannot read it, someone else can read it for them). Then they put their donation (1 token) into the basket and their turn is over. The first player to donate all their tithing money wins.
