

Xerxes

Directions: Place the Xerxes cards near the game board. Each player places a marker on START. Players take turns rolling the die and moving clockwise the number of spaces rolled on the die. Players follow the directions on the space they land on. If a player lands on a picture of a crown that player takes a Xerxes card. If a player lands on LOSE A CARD, they must put one of their Xerxes cards back into the pile. If a player lands on a picture of Haman all players boo and hiss. The player that landed on Haman gets to take a Xerxes card from any player they choose. If you land on LOSE A TURN you lose your next turn. When a player has collected four Xerxes cards, that player is the winner.

Optional: Play may continue until every player collects the four Xerxes cards.
