

Let's Upgrade!

SCHUTT RECRUIT HYBRID

Introducing the new SASB Optional 50/50 Helmet Replacement Program, a winning combination, for players, parents and SASB Football.

How it works:

- The SASB Football program will purchase a new custom-fitted Schutt Recruit Hybrid Helmet (face mask included).
 - SASB and parents each pay \$35.
 - The player will exclusively use this helmet until it no longer fits or the player leaves the football program. After this, the SASB football program will retain ownership of the helmet.
 - Players may possibly get 2 to 3 years of use before the helmet does not fit.
 - Players who outgrow their helmets get first priority on recently purchased helmets in the following season.
 - If a player quits before the first game, SASB will refund the \$35 new helmet fee. If a player quits after the first game, there will be no refund.
 - The helmet remains the property of SASB Football.
