### News For Car Riders!!!

Our first set of plastic name cards for your sun visors have been given out. Fourth and Fifth grade will receive theirs soon. Please use these everyday so that the teachers on duty can call out your child's name and have them ready to load as quickly as possible. Also, please be extra careful as we transition to our new bus schedule. Our second bus load will drop off and pickup in the second lane away from the awning. We will have to temporarily hold traffic and allow children to load and unload safely. Also, please pull up as far as you can under the awning so that we can load as many students as possible as safely as possible. Thanks for your cooperation and patience in this new arrival and exit procedure for students.

### Be Prepared For the Cold!

According to recent weather forecasts, our students will again be returning to record cold temperatures this week. Please make sure they are bundled up well and wear appropriate coats or jackets. Remember to write your child's name in permanent ink on any jacket, hat, scarf or any other article of clothing that they may remove when coming in from the cold.

If anyone is missing items, remember to check the "lost & found" area located in the tunnel.

### FROM THE LIBRARIAN

HAPPY NEW YEAR! In 2010, Anniston will be recycling for cash! Cartridges for Kids (CFK) is an organization that helps schools and non-profits raise money by collecting ink cartridges and other electronics for recycling. How exciting! We are going to help our school and our environment. You can drop the following items off in the library at anytime: cell phones, GPS devices, iPODS, inkjet and laser cartridges, video games and consoles, digital cameras, laptops, PDAs, and DVDS. Thank you for your participation. It is our goal that this project will help enhance the outdoor classroom on Adrenaline Creek.
