

*The lacemakers of Living Lace of Omaha invite you to a unique class and shopping experience:*

## **Lace Workshop and Vendor/Sales Mall**

**October 8 & 9<sup>th</sup>      Saturday & Sunday**

### **Mahoney State Park Lodge**

#### **Class Opportunities**

There will be two bobbin lace classes and one tatting class. There is a class fee. See the website for more info.

The bobbin lace class is for those who already know the basics of the technique and want further knowledge. Enrollment is almost full. However, check for availability if you are interested—there may be cancellations. Two classes will be offered: one for novices and one for more technically advanced bobbin lacers.

***Space IS available in the Tatting Workshop.*** If you are comfortable with the basics of tatting (double stitch to make rings and chains, picots, and joins) then you will enjoy this class. The project will be to make a tatted chatelaine body and attachment chains for your favorite gadgets (be it tatting or other fiber art form). You will learn split ring tatting technique, padded tatting technique, ‘Inside Stitch’ tatting technique, and twisted/spiral tatting technique as well as how to tat a ring around a fixed object.
