## **District Director message;**

Dick and I would like to take the opportunity to wish all of you a Happy, Health New Year! Wow!! It is now 2011, another year over, it seems it was just yesterday when the year 2000 (Y2K) came about. How time flies.

We hope you enjoyed your holiday season. It is a wonderful time of year, but it is so busy, and now we are looking forward to what 2011 will bring. Dick came home from Rehab on December 21<sup>st</sup> and is now awaiting the next step in the knee saga. We will be seeing the surgeon this week and hopefully an appointment will be made to have his new prosthetic knee inserted. Our hopes and prayers are that he will soon be healthy again, and able to ride our trike once more. It was wonderful to have him home for the Holidays. We enjoyed a wonderful Christmas with our family and got to visit with some of our GWRRA friends over New Years. It has given both of us some time to relax, and regain our strength before the next hospitalization and surgery. Last week, we also took the opportunity to go into Boston to see a Doctor at Mass General Hospital to get another opinion on Dick's options regarding the knee surgery. We want to thank all of you for your cards, visits, phone calls and the support you have given us over the last two months. Your friendship is exactly what makes GWRRA the wonderful organization it is.

I was fortunate to be able attend the Christmas parties at NHA, NHE and NHG. Thanks so much for allowing me to share in your holiday fun. Each of the parties was wonderful, the food was always great, but the friendship is what it is all about. I am

sorry I could not make it to NHF and NHK, but I want to thank you for inviting me and thanks to Ginny and Stan for their kind offer to stay overnight. At the time, I was just unable to drive that distance. Hopefully we can visit NHF and NHK soon.

We have a few announcements regarding NH District Staff Changes. First we would like to offer our Congratulations on the appointment of Ed Heath as Member Enhancement Coordinator for New Hampshire. Mike and Nancy Mandell, Region Member Enhancement Coordinators, and I are very pleased that Ed has accepted this important position on our District Team. We welcome him and know that he will do an outstanding job. We would like to offer our congratulations to Bill and Dee Bascom for accepting the position of Chapter Directors of NHF. We want to thank Bill and Juanita Rawlings for their leadership of NHF. Bill and Juanita are both exploring new employment options and may be relocating out of state in the near future. We also wish to thank Sharon and Moe Bailey for their service to Chapter NHE and look forward to seeing them at future NHE events.

We will be holding a combined District meeting with Vermont on January 22, in Hanover NH, from 11:00 A.M. to 3:00 P.M. at Everything but Anchovies, Restaurant, 5 Allen St, Hanover, NH 03755, (603) 643-6135. Sthanks to Andy Tarbell for arranging our meeting location. We will be discussing important information regarding GWRRA compliance issues for 2011, and updating all our Officers with new information from the OCP, and year end financial reports.

To all of our snowbirds, who are traveling to warmer climates, for the next few months, or for a vacation; enjoy yourselves, and stay safe. We look forward to seeing you again next spring. For those of you staying in the Northeast, remember all the safe winter driving tips we have learned through the years. Remember to be certain to remove all the snow and ice from your vehicle before driving away. For those of you who are trading your motorcycle for a skimobile; drive safe, and dress warmly.

EVERY DAY IS A GIFT!!!!  
LIVE, LOVE, LAUGH!!!

WARM OR COLD, SUN OR SNOW

Until next month, Stay Warm

Hmmmm.. all members, associate members... and the entire human race, listen up! We ponder change. Change is something we can all depend on, no matter what. Change inspires us to look beyond ourselves in a moment's time. It causes disruption in the ordinary. Change may be difficult to accept, because it demands our attention. It also requires adaptability, and acceptance.

We each draw our own conclusion regarding any change; at home, work, within an organization, a community, the nation, and the world. How about the changes in the weather? We change our clothing. In spite of our resistance we change our age. We cannot stop change. We can change how we look at change. We can change our attitude. We can welcome and embrace changes. Or not and either way, you may just change your mind!!! Now you can just expect it will happen, so get used to the idea! We do know change is NEVER boring, and will always happen! It is something we can count on. You can depend on it!

Along the way... YOU might even find change **FUN**, **EDUCATIONAL**; you might make some new **FRIENDS**, and doing all that; just be **SAFE!** **Happy New Year to you all!**
