Cobbles  
**PTA**

Cobbles don't miss this amazing night as  
Rochester Museum and Science Center Players Presents

## Science of Music and Sound

Featuring RMSC's Tim Cawley

This interactive program introduces students to vibrations made by percussion, brass, and woodwind instruments. Students learn about the energy and motion of sound waves and how different materials give instruments their unique sounds.

This is a **FREE** event! Great for grades K-Adult  
Limited seating to 100 (adults and students combined)  
1<sup>st</sup> come 1<sup>st</sup> serve.
