A Blackwood Concert "Thank You"

Another concert has come and gone and we again say "Thank You" to all those who in any way had a part in it's success. I will not try and name all those that helped for fear of leaving someone out.

The attendance was down from last year, but we actually came out better financially because of a sizeable gift from the Blackwoods due to a date change we made at their request.

I have enjoyed doing this the past two years, but will not be doing it again. I feel this is a much needed program within our community, perhaps the next program being geared to our youth. I look forward to serving in an advisory capacity in the future.

Thank you and "God Bless"

- David Nash

Dear Christian Friends,

Words can never express our feelings at the wedding of Jill Smith and Marshal Goodman on March 8, 2008. The willingness to permit us the use of your worship area and facilities, and then the invitation to a bountiful table of food prepared for our enjoyment by your members....The word "Thanks" does not even begin to say all we would like.

We enclose a small token gift of thanks and appreciation for your hospitality.

Sincerely in Christ
Wayne and Mary Jane Smith
(Jill's grandparents)
