Where duplicate sail numbers are shown on one or more entry forms, the earlier postmarked entry will take precedence and skippers with later postmarked applications must modify their displayed sail numbers.

-----------------	---

Sailing Instructions: provided at Check-in.

Race Management: The RD will determine the number of Seeding races, Heats and Races for the regatta after considering expected weather and course conditions. Seven Races over the 2-1/2 days (Thursday-Friday-Saturday) are required to be completed to constitute a regatta and award the National Championship.

Scoring: The regatta will be scored in accordance with the Low Point Scoring System set forth in Appendix A of the Racing Rules of Sailing. (Each yacht’s best Seeding Race score will be carried forward as the first Race score of The Regatta.) At the conclusion of the Regatta each yacht’s worst scores/ highest points will be applied on a 1/6 basis. A maximum of 4 scores will be discarded for scoring purposes; a second Seeding Race Score cannot be discarded.

Prizes: Prizes will be awarded to the top five finishers (lowest total points after discards)

Measurement: will be conducted on site as determined by the regatta organizers, during check- in.

Weather: Weather in Northern OH is cool but dry in September and October. Historical temperature averages are highs of 69, and lows of 49; sun sets at 7:00 PM. Rain in the period is similar to August- about an inch over the whole month.

Come with jeans as well as shorts, sweatshirts and jackets, rain gear; even a pair of light gloves and stocking cap will sometimes feel good in the wind.

More Information: skippers are encouraged to monitor the Western Reserve MYC Website for updates and developments: wrmyc.com

We will also update regatta information to registered sailors via e-mail.

Bring the family!

There are an abundance of activities in our area for families and spouses/sig. others, beyond even watching exciting model sailboat racing (if you can believe anything can be more exciting than that!)

Northeast Ohio is an area of rolling hills, great scenery, and many things to see and do. How about:

- **Lake Erie**- 280 miles X 55 miles of clean, fresh water. The water meets EPA drinking water standards about 75% of the time. The water is clean!!
- **Rock & Roll Hall of Fame**- #1 attraction in the State. See 4 floors of rock n roll memorabilia; listen to any song you can think of. See the Beatles Sgt. Pepper uniforms, and Janis Joplin's psychedelic Porsche. About 50 miles away, on the Cleveland waterfront.

And... while you are in Cleveland, see THE "Christmas Story House"- where our favorite Christmas classic movie was filmed. Yep- the "Leg Lamp" will be lit for you!!

- **Hiking and exploring**- Camp Stigwandish is 350-acres of trails, and nature study. Follow a trail and see where it leads!
- **Wineries**: there are 48 wineries in the two counties around the regatta site. All of them sell samples of their wines, bottles and cases, and many serve lunch. We can guide you to the best ones!
- Like **covered bridges??** None in Florida?? Drive from dawn 'til dusk- you'll never see all of them in one day. And- the scents of the grapes- concords, niagaras. WOW!!!
- **Amish Country!** Tour one of the most interesting parts of the USA. Just 18 miles or so south of the regatta site is **Mesopotamia**, the start of the second largest community of Amish in the USA. Visit a real general store!!!

All this and more is here. We will be ready to help you set up a memorable visit to our area. **Arrangements will be made at the regatta site check-in based on interest.** See our (yes!) *concierge*: Dan!!
