Dear Potential Sponsor:

This letter is to invite you to participate in an Educational Program sponsored by Oklahoma Farming Heritage Association.

Through this Program the Oklahoma Farming Heritage Association contributes tractors to High-School Vocational Agriculture Departments in this area of Oklahoma so their classes may restore the tractors. Once restoration is complete the School department sells the restored tractor at auction with the proceeds going to the High-School Vocational Agriculture Department. The Oklahoma Farming Heritage Association further assists the High-School Vocational Agriculture Department by securing any needed parts and supplies along with providing technical advice on the project.

The Oklahoma Farming Heritage Association was formed in 2003, as a non-profit organization, to promote the preservation of farm tractors, engines and related equipment for the purpose of sharing knowledge and educating others of our country's family farming heritage. The Association has received it's §501(c)(3) tax exempt status.

If you wish to participate in this Educational Program, by donating tractors, parts, supplies or financial donations, please contact Gary Perry, Vice-President of the Oklahoma Farming Heritage Association at 206-4348. All donations to the Oklahoma Farming Heritage Association **qualify as a tax deduction; however, please consult your tax advisor to see if you qualify.**

Thank you for considering this proposal
