

## How You Can Help

A prominent Christian leader in Pittsburgh has been fond of saying that nothing moves in ministry without prayer, leadership, and money.

### Leadership

At CLM we select only the most passionate, committed Christians to lead our multiplication ministries. But without prayer and finances, even the best leaders will find that they are hard pressed to develop successful ministries

### Prayer

If you become a prayer partner with CLM, you will receive monthly praise and prayer updates from our associates. You will hear of their victories in the trenches of the urban communities, and you will hear their cries for the Lord's help. You can be right there with them as you lift them up to the throne of Grace.

### Giving

Without your financial support the ministers of CLM would have to work full-time to support themselves. But because you give, CLM associates can concentrate on doing ministry rather than raising support. As they are on the front-lines of incarnational ministry, your giving will return to you eternal rewards.

## ***Why Do We Need A Center For Leader Multiplication?***

According to the National Center for Health Statistics **over 2.2 million Americans died in 2006**. The most liberal statistical research shows that, at best, 35% of Americans follow Jesus Christ as their Lord and Savior. That means that at least 1,500,000 Americans are plunged into a Christ-less eternity every single year. **Every week more than 30,000 American's die, hopelessly, without Christ.**

The **U.S. is now the third largest mission field** in the world. America will, at its current rate of spiritual decline, become a purely secular nation in the next generation or two.

The **only way to reverse** this trend is to mobilize, equip, and send committed Christian leaders into the streets, bars, malls, coffee-shops, and other public spaces where Americans gather. It's going to take leaders who are passionate about reaching people with the life-saving message of Jesus Christ and integrating them into multiplying non-traditional communities of faith.

**The Center for Leader Multiplication** was created to meet this challenge.

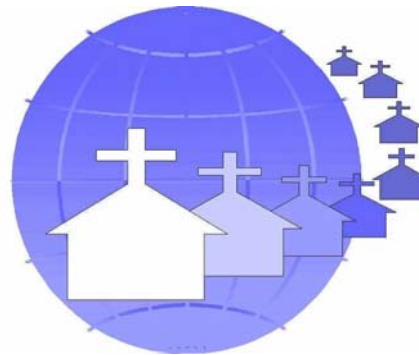

## ***What Do We Do?***

Primarily, CLM equips, empowers, and releases Christian leaders to start new faith communities and reach people with the Good News of Jesus Christ.

## ***The Call To Multiplication***

The Apostle Paul said to Timothy, “the things you have heard me say in the presence of many witnesses entrust to reliable men who will also be qualified to teach others” (2 Tim. 2:2 NIV). This is Paul’s charge to church leaders everywhere to multiply God’s Kingdom.

God is calling us not to simply add people to the Church, but **to trust Him to radically multiply His Kingdom** by the Spirit working through Christian leaders in their communities.

God’s three-tiered plan for multiplication can be seen in the prophet Ezekiel’s remarks to the people of Israel: “**I will multiply the number of people upon you**, even the whole house of Israel. The towns will be inhabited and the ruins rebuilt” (Ezek 36:10 NIV). First the people are multiplied, and the towns rebuilt and multiplied, and even the whole nation as well. To transform a community takes multiplying God’s Kingdom.

Our desire at **The Center for Leader Multiplication** is to see whole communities transformed through the multiplying work of Christ through His Kingdom leaders.

## ***The Need for New Communities of Faith***

For every three churches that close in American each year only one new church is started.

**Church attendance in the U.S. has declined over 50%** in the last 25 years.

**Our nation needs many new, innovative communities of faith** to reach the current and future generations. These new faith communities, as part of their DNA, will be designed to multiply themselves.

## ***CLM Associates***

**CLM Associates are partially-supported “missionaries”** who incarnationally develop their own multiplying ministries in the urban communities where they live.

CLM Associates are coached and empowered, to multiply indigenous leaders through organic ministries that transform their communities and the world.
