Go Forth And Multiply

The Center for Leader Multiplication (CLM) is excited to be working towards multiplying God's love by building His Kingdom.

The Bible clearly calls God's people to be multiplying agents of God's grace to the whole world.

Starting in June 2008 several new ministries will launch through CLM's multiplication organization. Ministries will begin both in the City of Aliquippa and in the City of Pittsburgh.

The philosophy of ministry of CLM is to focus the energy of CLM associates in an area of great passion, and unleash them into the area of their choice to see God move through their unique gifting and talents.

As the CLM associate is equipped and empowered in their uniqueness, they are then able to multiply the love of God quickly in the community where they are working.

Another unique aspect of CLM is that all its ministries are designed to utilize the indigenous talent and resources within the target communities.

CLM associates work from their passions and are trained in organic methods of community, church, and leadership development.

CLM associates are simply channels of God's

love to the people they are trying to reach.

Coaching For Success

One of the primary functions of the Center's director is to coach Associates to succeed in their current assignment.

What is coaching? Simply put, "Coaching is a purposeful relationship focused on helping someone succeed at their assignment."

The person being coached comes to the relationship with an expectation that the Holy Spirit will use the coach to assist him or her in a discovery process. This process allows for alternative ideas to be expressed in a safe environment that is also highly accountable.

The Center's director is currently coaching six ministers one-on-one.
