## "Renewed"—James and Sharon Shipley

### Renewed

The Center for Leader Multiplication is proud to announce the formation of its first organic church under the leadership of James and Sharon Shipley.

The Shipley's live in New Brighton, PA and have a passion to see at-risk adults incorporated into the life of Christ's Holy Church.

James and Sharon know that most ex-cons, drug addicts, and alcoholics will never step foot inside the walls of a traditional church.

They believe wholeheartedly in the CLM philosophy of creating organic churches

through needs-based ministries that reach people at their basic need level.

The organic church they will start is called *Renewed*. The name expresses the life-changing power that is found only in the person of Jesus Christ.

### S.K.I.L.L.S.

When James found Christ while doing a stint in jail, he knew his life was changed forever.

After he got out, his family noticed the change in James. James' father helped him get back on his feet by teaching him basic plumbing skills and helping him get a full-

time job as plumber's assistant.

Now James wants to do the same for those at-risk adults who don't have anyone to help them when they get out of prison, or off drugs or alcohol. S.K.I.L.L.S. stands for *Simple Knowledge Inspiring Life Long Success*.

James will use S.K.I.L.L.S. as a means to transform his community and proclaim the life-changing and saving message of Jesus Christ.

Won't you begin now to pray for James and Sharon as they launch both *Renewed* and S.K.I.L.L.S.

## The Changing Church In America

CLM is on the cutting edge of the changing church in America.

Our organic church planting philosophy is in response to several ways God is building His Church, but primarily we are responding to a radical shift in the ways peo-

ple want to experience and express their faith.

George Barna notes that about 70% of Americans worshipped in traditional churches in 2000, and only 5% in alternative church forms. By 2025 it is conservatively predicted that 30-35% of

Americans will experience and express their faith in some alternative form.

This is why CLM exists, to meet this radical shift that God is calling us to before its too late.
