### **Program Information**

\*The YMCA only program is a developmental program offered to kids who enjoy swimming, and are looking to start to grow in the sport of complete swimming. The focus of this program is more towards developing stroke technique and efficiency, and move at a slower pace in order to meet the specific individual needs of all children in the program. Ideally this program is aimed for swimmers of the ages 5-12 years old. There is some leeway with this that, if you have a child who is younger but is familiar with freestyle and backstroke they'll fit in, or a swimmer who is older who needs more stroke refinement they'll fit in too.

Practice days and times are:

-8 and Under Swimmers: Tuesday and Thursdays from 3:45-4:30; and Saturdays from 10-11am

-9 and older swimmers: Tuesday and Thursdays from 4:30-5:30pm; and Saturdays from 10-11am

### **Swim Meets**

We are affiliated with the Tidewater YMCA swim league. There will be swim meets against other local YMCA swim teams that will be held once a month. As soon as I get a finalized meet schedule I will send that out to all folks.

### **Program Dates/Important Information**

\*Fall Session: September 6<sup>th</sup> (Tuesday)- December 15<sup>th</sup> (Thursday)

\*Winter/Spring Session: January 3<sup>rd</sup> (Tuesday)- May 24<sup>th</sup> (Thursday)

-Please note there will be a two week spring break built into this session from April 3-April 16th
