Number 1

ITEMS OF INTEREST

Mr. E. B. Favre, our welcome Spokane guest, has just returned from Canada. He returned with two dear old friends, Johnny Walker (black label) and Johnny Dewar.

The Northwest Trust & Savings Bank has created an innovation. A large room, well lighted, has been set aside for inspections. Purchasing clients may minutely examine borrowers therein between hours of 10 and 12 a. m. daily.

R. R. Frazier, Pres. Wash. Mutual Savings Bank, is at death's door due to a grave error in accepting a deposit of \$3,001.00. What a difference a dollar can make.

Now that W. P. Harper & Son have sold their Jordan terminal loan we may shortly look for a Garden of Eden elevator issue.

M. Rozema, Mgr. Mortgage Company Holland-America, is just back from the old country. He reports a delightful cruise on the Cider See (spelled wrong I'm sure). Says Interned William is still sawing wood.

LUCKY DOGS!

Mr. L. O. Janeck, our Yakima guest, is busy inspecting some chicken loans near San Francisco. S. J. Rice of the Northern Life is jointly interested.

ATHLETIC NOTES ABOUT OUR BOYS

Freddy White of White & Bollard ran the 100-yard dash yesterday in 4 seconds flat.

In the high jump, limber Archie Fiskien cleared the bar at 6 feet 9 inches.

Ralph Stacy (our Ralph) displayed great energy and vitality recently in a thrilling domino contest.

The boxing bout between Ray Frazier and Andrew Price was pitiful. One was afraid and the other "dassent."

In the greased pig contest an unfortunate controversy has arisen. Paul Harper and Geo. Upper, both blindfolded, grabbed one another believing each had snared the slippery beast. Kind friends drew them gently apart. Both remain still unconvinced.

The wrestling event was a thriller resulting in severe injuries to both contestants. Atwood had his oral contract broken and Erskine received a fracture of his verbal agreement.

SOCIAL NOTES

Mr. Andrew Price, V. P. of the Marine Bank, while leading the cotillion last evening with his usual grace and eclat inadvertently dropped his interest rate. Everyone blushed furiously. Andrew, while perturbed, retained his customary pom de terre.

Mr. Kenelm Winslow of Carstens & Earles will be married early in April. Heaven bless their onion.

Printer's Note—So sorry; "onion" should have read "union."

NOW CARL

Mr. Carl Gould, our distinguished architect and guest, is busy "zoning." We don't know what that means but it sounds shady to us.

CONTEMPLATED EXPANSION

Branch offices in Vancouver are being considered by nearly all Seattle mortgage men. Foreign exchange quotations, good interest rates and one other reason are given as causes for this drastic change in domestic policy.

WASHINGTON MORTUARY SAVINGS BANK

810 Second Ave.

We are the only pure bank in the state. We are growing rapidly for the following reasons:

Our committee meets daily in our own basement. We hate light on our affairs.

We don't believe any honest person has more than \$3,000. That is our depositors' limit.

Our investments consist of—
\$100,000 Bindem & Chokem consolidated and unequivocal 6th mortgage 4s.

\$1,005,000 Issaquah, Sequim and Index R. R. 3rd contested mortgage 7s.

Condition, Total Assets Dec. 31, 1919—\$Horrible.
Condition, Total Surplus Dec. 31, 1919— ditto.
