Reclaiming Nick

by Susan May Warren

Nick Noble hadn't planned on being the prodigal son, but when his father dies and leaves half the Silver Buckle—the Noble family ranch—to Nick's former best friend, he returns home to face his mistakes . . . and to guarantee that the ranch stays in the Noble family.

Award-winning journalist Piper Sullivan believes Nick framed her brother for murder, and she's determined to find justice. But following Nick to the Silver Buckle and posing as a ranch cook proves more challenging than she thinks. So does resisting his charming smile.

As Nick seeks to overturn his father's will—and Piper digs for answers—family secrets surface that send Nick's life into a tailspin. But there's someone else who wants to take the Silver Buckle from the Noble family, and he'll stop at nothing – even murder – to make it happen.

"Reclaiming Nick is absolutely wonderful. I love the detailed descriptions used within this book. I found myself becoming immersed in each & every scene. The romance behind the mystery was so beautifully played out. I fell in love with Nick and found myself wanted to forgive as others forgave in this story. Great job Susan! I can't wait to read the next one. Keep them coming."
