Minutes of the Nov 13, 2010
Regular Commissioners Meeting of the

JOHN’S LAKE MANAGEMENT DISTRICT

The John’s Lake Management District commissioners meeting was held at the Mountain View Community Center.
The meeting was called to order by President Mike Ales at 9:04 am
Commissioners present: Mike Ales, Ted Miller, and Bernadette Krentz.
The agenda was presented as published for approval. Motion to approve/second/passed.
The minutes from the Sept 18, 2010 meeting had been mailed. A motion was made to approve/second/passed.
**Treasurer’s report:** Presented. Our current account balance is $7,780.19.
**Accounts payable** reported as none at this time. Cason and Associates have already been paid for the recent milfoil survey.

**Old Business:**

**Eurasian Water Milfoil treatment update:** Five small areas were identified this fall for spring treatment in 2011. These are all in or near the bay. The necessary permit will be sought after January 1st.

**Lake fishing** was again discussed. There are very few decent sized fish that can be kept. This was explored at length at our last meeting with the DNR fish biologist. Roland feels that the quality will improve when the size limit is eliminated. Ted shared Joe Alberti’s interest in additional stocking of our lake to be paid for by the Lake Management District. We should look at budgeting money for this purpose if the members are in agreement. Mike suggested that a committee be created at the annual meeting to explore this, select species, etc. Interested members will be invited to join.

The **Lake Plan** Grant was discussed at our last meeting. Mike reported that a lake plan was developed about 18 years ago, mostly to address failing septic systems. This issue has been addressed by the county, and regular inspections are required now. It’s not clear what value would be gained if a new plan was sought. The cost would be in excess of $10,000 and likely cover many issues already being addressed such as invasive species, or issues that just aren’t a problem on our lake at this time. Mike will maintain a file of relevant material in case we want to pursue this in the future.

**New Business:** No new business was brought forward.

**Individual Commissioner’s Comments:** Bernadette will be attending the Waushara Lake Districts meeting. Packets are available to distribute to persons that recently purchased property.

**Individual Members Comments:** Roland volunteered to be on a fishing committee when it’s created. He was thanked for sharing his input.

The next meeting is scheduled for April 16, 2011 in the Mountain View Community Center.

9:40 am Motion to adjourn/second/passed.

Respectfully Submitted,

Ted Miller, Secretary  [www.johnslake.org](http://www.johnslake.org)
